FRUIT TREE STOCKS
For Grafting and Budding Purposes

NOW is the time to think about your FRUIT TREE STOCKS. Why not place your order now and have this part of your order taken care of. It won't be long until the Federal Horticultural Board's new quarantine against Imported Stocks will go into effect. If you have not used AMERICAN GROWN STOCKS better try some and see how nice they are.

AMERICAN GROWN

APPLE SEEDLINGS - The season has been favorable for growth and we have the promise of an excellent lot of strong, vigorous stocks. We have KANSAS, WASHINGTON, and COLORADO GROWN APPLE SEEDLINGS. Whenever possible we forward shipments in car lots to central distributing points, often making quite a saving in Freight Rates.
